## A NOTE FROM OUR PRESIDENT

Fellow Members,

We kicked off our new year with an outstanding August meeting at the San Jose Country Club. The presentation on geothermal systems was extremely thorough, informative, unbiased and captivating. We really appreciate the positive feedback concerning the presentation; our desire is to make our meetings worthwhile.

**Our next meeting will be Tuesday, September 9 at San Jose Country Club from 11:30 to 1:00 pm.** Our speaker will be Mangesh Basarkar and he will be covering Upcoming Energy Code Changes, a pertinent issue within our industry.

The chapter's regional conference (CRC) took place in Argentina at the beginning of August and proved to be a huge success. The Jacksonville Chapter was well represented with six of our committee members attending. We were very proud to have received the following awards:

- Presidential Award of Excellence – Frank Mangin
- Gold Ribbon for History Award – Stew Sedgwick
- Best Programs Chapter Chair – Roman Roman and Kurt Liebendorfer
- Student Activities Certificate of Appreciation – Matt

Orenchuk

- Membership Promotion Certificate of Appreciation – Shannon Karney

- Research Promotion Certificate of Appreciation – Rob McClure

We would also like to express our gratitude to Dick Worth, who served as Regional Historian Chair, and Lane Jackins, who served on the nominating committee.

I appreciate your support in making ASHRAE a priority in your busy schedule. Our goal is to continue planning programs that genuinely interest you and meet the needs of our evolving industry. As you add next Tuesday's meeting to your calendar, take a moment to invite a colleague to join you. We look forward to seeing you there.

See you next Tuesday,  
John Nelson

## **Jacksonville Chapter**

### **ASHRAE Jacksonville Lunch Meeting Tuesday, September 9, 2008**

#### **Speaker: Mr. Mangesh Basarkar Topic: Upcoming Energy Code Changes**

The Jacksonville Chapter of ASHRAE is pleased to announce Mr. Mangesh Basarkar with the Florida Solar Energy Center will be speaking at the upcoming September 9 luncheon meeting.

Florida is a leading state in Energy Code Compliance and Enforcement, and the Governor has further challenged all stakeholders to vie for greater energy efficiency in the commercial and residential building sectors. The new code, effective Dec. 31, 2008, will be 15% more stringent than the current Florida Energy Code. This presentation will include the latest code changes and information on the compliance tools that can be used. In addition, evaluation of building energy performance against ASHRAE 90.1 and USGBC LEED (NC) performance criteria will also be demonstrated.

**WHO SHOULD ATTEND:** All Owners, Contractors, Suppliers, Architects and Engineers effected by the Florida Energy Code.

**DATE & TIME:** Tuesday, September 9, 2008  
11:30 AM to 1:00 PM  
Buffet Lunch

**LOCATION:** San Jose Country Club, 7529 San Jose Boulevard, Jacksonville, FL

**COST:** \$25.00 required at the door, includes lunch  
Please note we do NOT have the ability to accept credit cards.

**FOR FURTHER INFORMATION:** George Israel, VP - Programs Chair  
Ph: (904) 355-7867 ext 1117  
Fax: (904) 355-0077  
Email: [georgei@gaiinc.com](mailto:georgei@gaiinc.com)

**RSVP REQUEST:** Walk-ins are always welcome, but we are now required to give SJCC a guaranteed minimum 3 business days before the meeting. Please help us avoid extra costs and last minute scrambles to set up tables with your *RSVP to George Israel by noon September 5, 2008 – Thank You.*

ASHRAE, founded in 1894, is an international organization of 55,000 persons. Its sole objective is to advance, through research, standards writing, publishing and continuing education, the arts and sciences of heating, ventilation, air-conditioning and refrigeration to serve the evolving needs of the public.

### MORNING WORKSHOP

#### LEED 201: Understanding LEED Online, LEED Letter Templates, and LEED Documentation Requirements

Once you know the basics of LEED and the requirements for each credit, you still need to know the practical application – how to do the documentation and calculations for the credits for a LEED submission. This workshop will review the LEED Online process for documenting your LEED Credits, including how to fill out the letter templates and exactly what documentation is required. Plus learn some “tips and tricks” and “do’s and don’ts” learned from our experience working on LEED certified projects.

Presenters:  
Mark A. Gelfo, PE, CxA, LEED AP – TLC Engineering for Architecture  
Ellen Reed, LEED AP – Breaking Ground Contracting Company

### AFTERNOON WORKSHOP

#### LEED Case Studies: Three real-world LEED projects and how they achieved Certification.

Join us for 3 presentations on 3 LEED Certified projects to learn how these projects achieve LEED Certification. We will review each project, credits they attempted, credits they achieved, and credits they didn’t achieve, plus lessons learned from each project from a Design, Construction, and LEED Administration perspective.

#### UNF Parking Services Building - LEED-NC Silver

Presenters:  
Tom Norman, AIA, LEED AP – Ebert Norman & Brady Architects  
Ty Bliss, LEED AP – WG Mills

#### TLC Engineering for Architecture Office - LEED-CI Silver

Presenters:  
Mark A. Gelfo, PE, LEED AP, CxA – TLC Engineering for Architecture  
Susan Cleveland, LEED AP - ASD

#### Community First Credit Union - LEED-NC Silver

Presenter:

## Membership Benefits

While technical education and information is one of the greatest benefits of ASHRAE membership, there are many other professional and personal advantages:

## Learn Technology

ASHRAE is a great place to learn technology:

- Technical program content presented at chapter, region, and Society meetings. Presentations cover a wide range of HVAC&R topics, including Indoor air quality, Compliance with ASHRAE Standards, and more.
- Technical periodicals (link):
  - ASHRAE Journal, a monthly magazine included in your membership, reviews current HVAC&R technology of broad interest through publication of application-oriented articles.
  - The International Journal of Heating, Ventilating, Air-Conditioning and Refrigerating Research a quarterly journal, reports significant research from ASHRAE and the international HVAC&R research communities
  - IAQ Applications, a quarterly magazine, provides practical, applicable information on indoor air quality, and also provide a platform for debate on issues that surround IAQ.
- ASHRAE Handbooks — the most widely cited reference source for HVAC&R technology in the world. ASHRAE members receive one volume of the ASHRAE Handbook (which sells for \$155) each membership year at no charge..
- ASHRAE publications — some 300 current titles — which members are able to purchase at a 20% discount.
- ASHRAE professional educational products — From the ASHRAE Learning Institute, ranging from the Society's semiannual conferences to home study courses — feature discounted registration prices for ASHRAE members.
- ASHRAE Standards & Guidelines – Provide design and application guidance for your projects with more than 100 Standards and Guidelines currently in print. Members can purchase at 20% discount.

## Develop Leadership Skills

ASHRAE is a great place to learn leadership skills. If you can learn to motivate volunteers via ASHRAE programs, you can soar when working with teams you are managing. With ASHRAE, there are many opportunities to lead some of the teams driving our industry's technical future.

## Network with Industry Professionals

ASHRAE is a great place to network with others in our profession. Even competitors who compete fiercely on bid day can enjoy fellowship on the neutral turf of an ASHRAE meeting. Opportunities include:

- ASHRAE Chapter, Region, Society meetings
- Talk with engineers worldwide in the online forums in ASHRAE's Society Connections eNewsletter (twice monthly).

## You also keep updated with the industry via:

- ASHRAE's Insights newsletter – This monthly publication provides news about ASHRAE at the chapter, region and Society levels.
- HVAC Industry eNewsletter – This weekly newsletter keeps you up-to-date on our rapidly-changing industry.

## Career Advancement

ASHRAE is a good place to let it be known that you are looking to hire, or sometimes more importantly, that you are looking to be hired. Also, the ASHRAE Learning Institute provides a wide range of education courses that help you advance your career by maintaining your professional designation. Other great ways to further your career:

- Network with other HVAC&R professionals at ASHRAE Chapter, Region and Society meetings.
- Participate in the job postings on the ASHRAE web site.

## Professional Development / Education

The ASHRAE Learning Institute offers a unique variety of programs to help you maintain your professional education and designation. With many of the 40+ available courses, you'll earn Continuing Education Units (CEUs) or Professional Development Hours (PDHs), and architects are eligible to receive AIA Learning Units (AIA LUs). Other benefits: by completing a course, you'll be a stronger contributor on the job and enhance your chances for career growth.

Other educational opportunities include:

- Technical topics at your local ASHRAE Chapter meetings;
- and at ASHRAE Region and Society meetings.

## Industry Insight

By joining ASHRAE, you'll gain continued insight into the HVAC&R industry. You can be on the "team" with thousands of members who volunteer their time on industry-driven committees, focusing on technology, ASHRAE Standards, and other key topics. In addition, ASHRAE's weekly HVAC&R Industry eNewsletter keeps you informed in developments in our industry.

## The Industry's Future: Students

ASHRAE serves a valuable function by attracting the best and brightest students to our industry. Participating in ASHRAE Student Activities gives you first shot at recruiting these students.

## Other Benefits

One of the business benefits of ASHRAE membership: Group Insurance — group rate premiums on term life, high-limit accident, disability income; major medical expense, excess major medical, in-hospital expenses and Medicare supplement.
